Chris Maddalena
Very sorry to hear that. He was always gracious. I loved visiting his farm it was impressive the number of birds and quality.

This is such sad news. I've bought birds from him years ago and still have that line. Such a nice, helpful and generous man. He will be missed.

In my thoughts & kindest memories. Got my first Buckeyes from him and my first trio of La Fleche. Poultry world is indebted to him for maintaining many rare breeds.
